

# **Education System and Its Future in America Conference**

## **Session 1: The Evolution of American Education**

This session will explore the historical development of the American education system, focusing on significant changes and reforms over the years. Participants will gain an understanding of how historical events, societal changes, and policy decisions have shaped the current state of education in the United States.

### **Presentation 1: The Historical Roots of American Education**

This presentation will delve into the origins of the American education system, tracing its roots from colonial times to the early 20th century. Key milestones, influential figures, and landmark policies will be highlighted to provide a comprehensive overview of the foundational stages of American education.

Presenter: Dr. Emily Turner

### **Presentation 2: Major Reforms and Their Impact on Modern Education**

This presentation will examine significant educational reforms in the 20th and 21st centuries, such as the Elementary and Secondary Education Act, No Child Left Behind, and the Every Student Succeeds Act. The discussion will focus on how these reforms have impacted educational practices, student outcomes, and the broader societal context.

Presenter: Prof. James Robertson
